

Hey Girl Scout Parents!

(Girls, give this to your parents or caregivers.)

Do you know the impact the Girl Scout Cookie Program can have on your Girl Scout?

The Girl Scout Cookie Program is girl-led, which means she's learning how to be her own entrepreneur! She's setting her own goals, making decisions, managing money, and developing her people skills.

Plus, by participating in the Girl Scout Cookie Program, she's earning funds that can support her Girl Scout activities all year long!

Your support means a lot to her!
Thank you for helping her be a success this cookie season!

Here's how you can support her:

- Help her set and work towards her goals.
- Encourage her to connect with new customers — like friends, family, and neighbors.
- Help her track her progress with her goal chart.
- Provide support when obstacles arise.
- Celebrate with her when she accomplishes a goal!
- Help her set up her online business in ABC Smart Cookies.
- Help her accept payments via credit card (*see "Accepting Credit Cards" on gscookiesetc.org*)!

Flip page over to learn how you can play an even bigger role in her success!
