Do you have extra Girl Scout Cookies? Are you looking for a certain Cookie variety?

Post extra Cookies you have or post what Cookies you may need on the Cookie Swap Site. This site is designed to allow

troops to advertise extra cookies they do not need to other Girl Scout Troops. Troops who are looking for cookies can post the variety and how many packages they need on the site as well. See below for instructions on how to access the Cookie Swap Site .

Please note: Cupboards cannot take cookies back. Exchanges are for damaged products only!

If you have a large amount of extra cookies, you should <u>immediately</u> notify your Service Unit Cookie Manager for assistance. Do NOT wait until the end of program.

To post what Cookies you your troop no longer needs, fill out the Cookie Swap Form <u>here</u>. You will need to enter your name, city, contact email or phone. Next, select "Have" and the amount you have to swap. Last, you will select the variety you have to swap. See sample form below. Please note that you will need to complete the form for each variety.

Transferring Product Between Troops

If transferred cookies were from the Swap Site, don't forget to remove your entry. Troops who do not remove their entries from the Swap List will lose their Swap site privileges.

Transferring Product Between Troops

When a troop has extra product that has not been applied to a girl, they are able to transfer those cookies to another troop who needs them. Such transactions are entered into ABC Smart Cookies by the troop that is transferring out the cookies.

Note: Troop Cookie Coordinators must approve Troop to Troop transfers **<u>BEFORE</u>** they happen! Here's how the transferring process works:

- The Troop Cookie Coordinators arrange a time for the physical transfer of the product between themselves.
- A receipt for the product must be signed by both troops and each should receive a copy.
 After the physical transfer is complete the **"transferring out" troop** enters the transaction in ABC
- After the physical transfer is complete the **"transferring out"** troop enters the transaction in AB. Smart Cookies using the *Troop to Troop Transfer* feature under the Cookies toon.
- The Troop Cookie Coordinator from the "transferring in" troop will verify the transaction in ABC Smart Cookies and contact the "transferring out" troop to correct any mistakes.
- The "transferring in" troop has now taken the financial responsibility for the cookies and can transfer the cookies to their girls for reward purposes.

If transferred cookies were from the Swap Site, don't forget to remove the Swap Site posting for these cookies. Troops who do <u>NOT</u> remove transferred cookies from the Swap Site will lose their Swap site privileges.

To Transfer Product Between Troops:

- I. Click <u>Transfer Order</u> located under Orders.
- Click a <u>Troop to Troop</u> in the *Type of Transfer* field.
- Select the <u>Service Unit</u> and <u>Troop number</u> for the transferring **FROM** troop.
- Click a <u>Apply</u>.
- Select the <u>Service Unit</u> and <u>Troop number</u> for the transferring **TO** troop.
- 6. Click a <u>Apply</u>.
- 7. Enter the Transfer order
- 8. Click Save.
- Click <u>Make Another</u> <u>Transfer</u> to continue to make transfers.

Step 9
