

Do you have extra Girl Scout Cookies? Are you looking for a certain Cookie variety?

The Cookie Swap Site opens February 26, 2026, at 9:00 AM.

On this site, you can post the specific cookie varieties you have available for swapping, or list what varieties you need. Volunteers, please see directions and further details for using the Swap Site here. Details listed on this document include instructions on how to swap as well as adding and deleting your submission.

Important: Please note that the site will not be accessible before its opening date and time. If you have concerns about excess inventory and need support, contact your Service Unit Cookie Manager right away.

Please note: Cupboards cannot take cookies back. Exchanges are for damaged products only!

What's the Password?
CookieSwap!

If you have a large amount of extra cookies, you should immediately notify your Service Unit Cookie Manager for assistance.

Do NOT wait until the end of the program.

To post what Cookies you your troop no longer needs, fill out the Cookie Swap Form [here](#). You will need to enter your name, city, contact email or phone. Next, select "Have" and the amount you have to swap. Last, you will select the variety you have to swap. See sample form below. Please note that you will need to complete the form for each variety.

Cookie Swap Form

Post extra Cookies you have or post what Cookies you may need on the Cookie Swap Site. This site is designed to allow troops to advertise extra cookies they do not need to other Girl Scout Troops. Troops who are looking for cookies can post the variety and how many packages they need on the site as well. See further instructions [here](#).

Please note: Cupboards cannot take cookies back. Exchanges are for damaged products only!

Transferring Product Between Troops

If transferred cookies were from the Swap Site, don't forget to remove your entry. Troops who do not remove their entries from the Swap List will lose their Swap site privileges.

Check Out the [Troop Plan Book](#) on how to Transfer Product between Troops

Transferring Product Between Troops

When a troop has extra product that has not been applied to a girl, they are able to transfer those cookies to another troop who needs them. **Such transactions are entered into ABC Smart Cookies by the troop that is transferring out the cookies.**

Note: Troop Cookie Coordinators must approve Troop to Troop transfers **BEFORE** they happen!

Here's how the transferring process works:

- The **Troop Cookie Coordinators** arrange a time for the physical transfer of the product between themselves.
- A receipt for the product must be signed by both troops and each should receive a copy.
- After the physical transfer is complete the **"transferring out"** troop enters the transaction in ABC Smart Cookies using the *Troop to Troop Transfer* feature under the Cookies icon.
- The Troop Cookie Coordinator or from the "transferring in" troop will verify the transaction in ABC Smart Cookies and contact the "transferring out" troop to correct any mistakes.
- The "transferring in" troop has now taken the financial responsibility for the cookies and can transfer the cookies to their girls for reward purposes.

IMPORTANT: If transferred cookies were from the Swap Site, don't forget to remove the Swap Site posting for these cookies. Troops who do **NOT** remove transferred cookies from the Swap Site will lose their Swap site privileges.

To Transfer Product Between Troops:

- Click **Transfer Order** located under **Orders**.
- Click a **Troop to Troop** in the **Type of Transfer** field.
- Select the **Service Unit** and **Troop number** for the transferring **FROM** troop.
- Click a **Apply**.
- Select the **Service Unit** and **Troop number** for the transferring **TO** troop.
- Click a **Apply**.
- Enter the Transfer order.
- Click **Save**.
- Click **Make Another Transfer** to continue to make transfers.
