## Bring the fun to Fall!

Did you know that Girl Scouts who participate in the Fall Program can create their very own personalized Avatar?

Girls are encouraged to be a Girl Scout Entrepreneur and run their online Fall website. When Girl Scouts create their avatar it allows them to be more involved with their Fall online store while having fun at the same time! Girls get to feature their avatar through their Fall online storefront, M2Media profile and they also use their avatar to send emails to their customers.

Bring your troop together and start the year with Fall fun! Starting September 17, get together with your Troop and start fall with a troop Avatar Party!

Fun Tip: Encourage girls to send just 18+ fall emails to their customers and they'll earn the 2023 ocelot patch
