

Join Your Service Unit Fall Product Team!

Each Service Unit recruits a Service Unit Product Manager to support their Troops in the Girl Scout Fall Product Program. Training, resources, support, and guidance are provided. See a summary of the position below.

Service Unit Product Manager (August-January)

Motivates and communicates with troop volunteers, recruits and supervises Troop Product Coordinators, reviews sales data online, maintains records, distributes nuts, candy and rewards. Must have Excel software and be able to use spreadsheets. Training will begin in August through gsLearn.

Fall Product Team Option

For additional support we encourage Service Unit Product Managers to recruit and train a Nut and Candy Distributor and Fall Rewards Coordinator (descriptions below).

Service Unit Nut Distributor (September-November)

Secures location in September for November product distribution to troops, secures volunteers needed for distribution, takes delivery of product, and oversees distribution day.

Service Unit Fall Rewards (December-January)

Receives, counts, sorts, and distributes girl rewards in January. Follows up with any discrepancies. Must be able to accept multiple packages and have space and time to store and sort prior to distribution. Must be able to receive rewards early in the event items are ready to ship prior to December/January.
